Khao Yai Campus – Accredited by WASC

English Intensive Course

Location : St. Stephen's International School Bangkok

Age : Nursery – 15 years old

Date : 21 July – 8 August, 2008

My Dream City

Fun for everyone.....

Using a 'task based' curriculum that has been specially prepared for this course, students will develop their English language ability by participating in activities that will increase their awareness of the environment and encourage decision making to create a model of their perfect city. As well as dreaming up what attractions will be built in each city, students will have to take real issues into consideration. Where will the power come from? How will the citizens be able to travel around? Will the city consider the environment?

The course will improve student's vocabulary and will give them the ability to talk about their own city using only English! We will cover a wide range of topics such as transport, buildings, shops and stores, directions and the emotions of the citizens living in each city.

At the end of the course, the students will be able to present the model of their city for the scrutiny of the judges and the other teams. Which team will create a city we can all dream about?

Aim of the Course

- To encourage the students to think about what is necessary for a good living environment.
- To enable the students to express their views on recycling and conservation issues.
- To help the students to grow in confidence and be able to express their ideas using English.
- To encourage the students to work as a team and work together to achieve their goals.

Course Fee

- 8,500 Baht/week (Nursery – KG2)
- 9,500 Baht/week (Year 1 and up)
(Inclusive of lunch and 2 snacks)
